

## UCSC Astronomy Department Teaching Supplies Inventory

All supplies are in the off-white cabinet near the door of ISB 356. Please check out items using the form in the cabinet.

- Spectroscopy materials
  - Emission tube set
    - Power supply (1)
    - Argon tube (1)
    - Oxygen tube (1)
    - Hydrogen tube (1)
    - Helium tube (1)
    - Neon tube (1)
  - Diffraction gratings (37)
  - Spectrographs (18)
  - He/Ne laser
  - Ne laser
  - Rainbow glasses (4)
- Optics materials
  - 2 prepackaged optics kits with lenses and stands
  - Loose polarizing films
  - Polarizer set
  - Polarizer Pak (different films)
  - Holographic material (6 packages)
- Gyroscope (1)
- Multiple light source set (1)
- Photometers (10)
- Paraffin wax blocks (4)
- Planet model set (1)
- 2" styrofoam spheres (62)
- 100W halogen light bulb (1)
- Pencils (23)
- 9V battery (1)
- Power supply
- Various pamphlets on scientific topics & observatories
- 35mm slides related to astronomy
  - 2 small boxes
  - 5 large tins
  - 12 binders
  - 2 baggies
  - 2 ring trays, partially full
